

Minature Power clamp

Maximum air pressure 8 BAR, normal working 5 BAR, dry air is permissible restricters must be used in conjunction with cylinder

Torque 25Nm at 5BAR

Weight 1.2kg

Clamp is an over center self locking clamp (LOA)

Clamp finished in chemi black

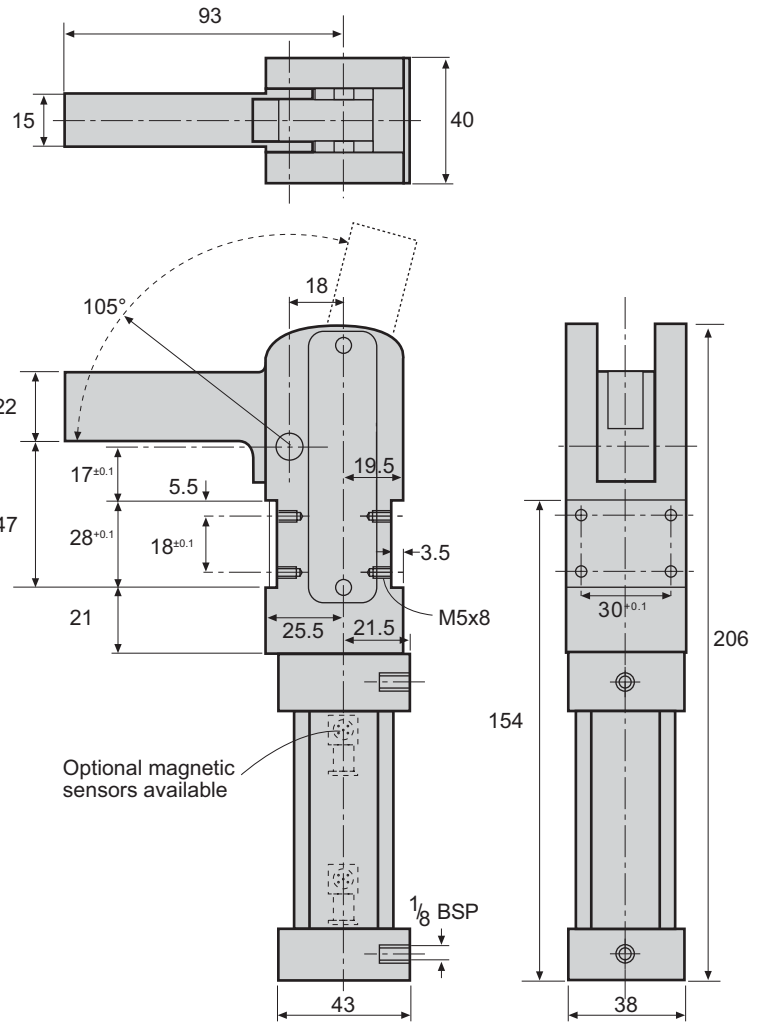

Sensing Options

- Non sensing

MC magnetic cylinder for magnetic switch sensing kits available.

Order Guide

XU25	A	HOLH	MC	96°
Clamp Arm Position		Sensing		
- Clamp arm horizontal		- Non sensing		
A Clamp arm vertical		MC Magnetic Cylinder		
Hand Applied		Opening Angle		
HORH	Right handle	XU25	105°	
HOLH	Left handle	XU25A	96°	

Optional magnetic sensors available

XU25HO
